The Report of the State Treasurer will be found on our fourth page this evening. We call the especial attention of our readers to its contents.

Macon and Brunswick Railroad.

Our readers will find, in another column, the injunction filed against the Macon and Brunswick Railroad. We learn that the work will not be suspended, but will continue as ever.

GEORGIA LEGISLATURE.

SENATE.

FRIDAY, Jan. 22, 1869.

The Senate was called to order by the President.

Prayer by Rev Mr. M. C. Smith, of the 7th District.

The Journal of the proceedings of yesterday read and approved.

Mr. SPEER moved to reconsider the action of the Senate, yesterday, in adopting the resolution authorizing an advance by the State Treasurer to each member and officer of the General Assembly of $100, which motion prevailed.

Mr. SPEER then offered an amendment authorizing an advance of $100 to each member and officer and authorized clerk of the General Assembly by the State Treasurer, which was adopted.

Mr. SPEER moved to strike out $100 and insert $200, which motion prevailed by ayes 18, nays 13.

The resolution as amended, was adopted and ordered transmitted to the House forthwith.

Mr. CANDLER moved to reconsider the action of the Senate, yesterday, in passing a bill authorizing the Georgia Railroad Company to loan money and bonds to the Macon and Augusta Road.

Messrs. CANDLER, MERRELL, WOOTEN, HINTON and BROCK, made able efforts in favor, and Mr. Nunnally and Smith, of the 7th, in opposition.

The motion prevailed by ayes 14—nays 12.

Mr. CANDLER moved to strike out the proviso "that nothing herein contained shall affect the interests of the State in said road, if they receive the aid extended by act of the last Legislature," and insert as a third section a proviso that nothing in the preceding sections shall be so construed as to effect the interests of the State in said road, nor lose its priority of lien in granting the privilege to the Georgia Road of loaning money and bonds to the Mecon and Augusta Railroad, and securing itself by mortgage.

The object of Mr. Candler was to effectually secure the interests of the State in the Macon and Augusta Railroad, the lien of the State on that road and its property in consequence of any endorsement of the bonds of that road by the State, having priority and preference over any lien to the Georgia Road, or any other liens.

The previous question being called, the motion to strike out prevailed and the amendment adopted. The bill as amended was then passed.

Mr. BURNS moved a suspension of the rules in order to take up the Senate bill legalizing the holding of Floyd Superior Court, which motion prevailed, the bill read the third time, adopted, and ordered transmitted to the House.

Mr. MERRELL, of the Judiciary Committee, reported that the Committee had examined the bill changing the time for holding the Superior Courts in the counties of Appling, Coffee, Clinch, Echols, Ware and Wayne; to regulate the serving of subpœnas in Chatham county and the City Court of Savannah; to exempt from Jury duty certain members of Fire Companies in Savannah; to amend the act incorporating the town of Hartwell, which they recommend do pass. They also reported having examined the bill to create the Columbus Judicial Circuit, and the bill to repeal section 121 of Irwin's Code, which they recommend do not pass.

On motion of Mr. Speer the report of the Committee on Retrenchment was received, laid on the table, and fifty copies ordered to be printed for the use of the Senate.

Mr. HIGBEE, from the Enrollment Committee, reported as duly engrossed and ready for the President's signature, the bill extending the time for the collection of taxes until the first of March next.

Mr. SMITH, of the 35th, of the Committee on New Counties and County Lines, reported that the Committee had examined the bill to change the county line between the counties of Carroll and Campbell, and recommend its passage.

A message from the House was received announcing that that body had concurred in the Senate bill extending the time for the collection of taxes until the first of March. Also that they had concurred in the Senate amendment to the resolution authorizing an advance to the members and officers and authorized clerks of the General Assembly, but had disagreed to the amendment, striking out $100 and inserting $200, and asking the Senate to recede from their action.

On motion the Senate receded from the amendment and transmitted the same to the House.

The messenger also announced that the House had passed the following bills:

To change the time for holding the Superior Court of Clay county. On motion this bill was taken up and read the first time.

To authorize the administrator of H. W. Cozart to sell the property on the premises.

A resolution appointing a committee to examine committee rooms.

On motion the rules were suspended, and the House bill to change the time for holding the Superior Court of Clayton county, and the bill read the first time.

Mr. WOOTEN offered a resolution that the Secretary of the Senate be authorized to employ, in addition to the number now allowed by law, such additional clerks, not exceeding ten, as may be necessary to perform the work of the Senate.

Mr. BRUTON offered as an amendment, a proviso that no such additional clerical force be employed unless recommended by the Enrollment Committee, after an examination of the work to be performed.

Mr. CANDLER made an eloquent speech in opposition to extravagance and waste in public expenditures, stating that at the last Legislature the expenses were $250,000. He advocated rigid economy in the disposition of the public funds.

Mr. WOOTEN agreed with Mr. Candler, but sustained his resolution with marked ability.

Mr. HUNGERFORD offered a resolution that the subject be referred to a special committee of five.

On motion, the resolution as amended, was referred to the Enrollment Committee.

A message was read from the House announcing that they had adopted the joint resolution, for the appointment of a committee of two from each body, to assign the committee rooms to the various committees of both bodies.

On motion it was concurred in, and the President appointed Messrs. Candler and Wellborn as the Senate Committee.

A message from the House was received announcing that that body had passed the House bill for holding the Superior Courts of Clark and Baldwin county in February, and providing juries therefor, which was taken up and read the first time.

Mr. HUNGERFORD offered a resolution that the Secretary of the Senate ascertain when the Governor's Message and accompanying documents will be ready. Resolution lost.

Mr. HUNGERFORD offered a resolution that the subject be referred to a special committee of five.

On motion, the resolution was referred to the Enrollment Committee.

Mr. WINN offered a resolution that the Judiciary Committee be instructed to prepare and report a bill organizing Juries in this State, which was adopted.

On motion the rules were suspended and the following bills read the first time:

Mr. MERRELL—To amend the act giving to landlords liens on tenants.

Also, to amend the act providing for setting apart homesteads. (Not necessary to survey the property set apart.

Mr. WELCH—To amend the charter of the city of Albany, and giving power to the Mayor and Council to remove officers in certain cases.

Mr. SMITH, of the 36th—To allow W. J. Avery, of Meriwether, to peddle in any county of this State without license.

Mr. WINN—To regulate the fees of Jurors in this State. (Awards them $2 per diem.

Mr. HINTON—To create a State Geologist.

Mr. NUNNALLY—To authorize the Ordinaries of this State to appoint commissioners to admeasure and lay off dower.

Mr. LESTER—To change the time for holding Bryan Superior Court.

On motion of Mr. FAIN, the Senate resolved when it adjourned, to adjourn to Monday morning at 10 o'clock.

The following bills were read the third time.

To change the county line between Carroll and Campbell counties. Passed.

To regulate the serving of subpœnas in Chatham county and in the city court of Savannah. Passed.

To exempt from the jury, members of certain fire companies in Savannah.

Mr. MCARTHUR moved to amend by inserting, "provided those exempt shall be active firemen." Amended and passed.

To create the Columbus Judicial Circuit.

Mr. HINTON advocated the passage of the bill on the ground of the necessity, paying a glowing and deserved compliment to Judge Worrell during the course of his remarks.

Mr. BURNS opposed the passage of the bill. One-horse towns like Columbus and Atlanta want Judicial Circuits, railroads, &c. If the bill passed, Chattooga and Dade would have to have independent Judicial Circuits. The honest people of the country would not be taxed for this purpose.

Pending the discussion of the bill, and before the conclusion of Mr. Burns' remarks, the hour of one having arrived, the Senate adjourned till Monday.

HOUSE OF REPRESENTATIVES.

FRIDAY, January 22, 1869.

House met pursuant to adjournment.

Prayer by the Rev. Dr. Brantley.

Journal read and approved.

Mr. LANE, of Brooks, moved to suspend the rules and take up the resolution to set apart so much of each Tuesday as may be necessary to dispose of resolutions on the Clerks desk.

Rules suspended. Three-fourths not voting for the resolution, it was lost.

A seat on the floor was given to Dr. H. H. Tucker, President of Mercer University.

Mr. PRICE, Chairman of the Retrenchment Committee, presented a report of that committee, which was read. It states that they have scrutinized and carefully examined the salaries, &c., and make the report without favor or affection. They had called upon His Excellency, the Governor, and asked his co-operation, which he cheerfully gave.

Mr. BRYANT moved the suspension of the reading of the report, and moved to have two hundred copies printed

Mr. BARNUM, of Stewart—A resolution to adjourn on the 14th of February.

Motion to suspend the rules was lost.

Mr. BRYANT objected to the amendment, and stated that he had been informed by the Treasurer, that there was a law that forbid him from advancing more than three-fourths of the pay due, and that if this resolution was passed we would get nothing. He, therefore, moved to insist on the original resolution.

Mr. HUDSON, of Harris, moved to disagree with the latter part of the Senate's amendment substituting one hundred dollars.

Mr. SHUMATE—Hoped that the House would insist on the original resolution. The Senate's amendment was not concurred in.

Jones, Devin and Lee, who are interested in said Company be notified to appoint an agent for the settlement of said Company, and in case they fail so to do, to sell the interest of the State at auction, so as to dispose of its interest in the same as soon as possible.

Mr. McCULLOUGH, of Jones spoke in favor of the resolution.

The resolution was adopted.

A message was received from the Senate stating that they would recede from the amendment offered by them to the House resolution authorizing the Treasurer to advance one hundred dollars to each member.

BILLS ON THIRD READING.

A bill to alter and amend section 4202 of Irwin's Code. Lost.

A bill to amend an act to repeal an act in regard to the Atlanta Medical College.

(A message from the Senate stating that that body concurred in the House bill in regard to holding the Superior Courts in Floyd and Polk county.)

The Atlanta Medical College bill was reported by the committee of seven Doctors, and is a settlement of the difficulties of this institution in accordance with a compromise made a short time since.

Mr. O'NEAL proceeded to address the House at length on this question, and the bill passed, and was transmitted, forthwith, to the Senate.

A bill to make it a penal offense to hunt with fire at night in the counties of Brooks, Thomas, Lumpkin, Chattahoochee and Floyd. Passed.

A bill to deprive all courts in this State of jurisdiction to enforce contracts made or implied prior to June 1st, 1868, except in suits against trustees, and when the vendee is in possession of the property, and except in case of minors' suits against corporations, in suits for wages, &c.

The Judiciary Committee recommend that this bill do not pass.

Mr. O'NEAL spoke in favor of this bill. He said this relief bill was almost identical with the clause stricken out of the Constitution by Congress. He voted for the Constitution when it was ratified as a whole, had it been taken up *seriatim* he might have objected to some of its clauses. He voted for the removal of the Capital, and when this question came up before the Legislature he voted to submit the question to the people, but now he had reason to change his mind, and would not do so.

On the subject of relief as it was in the State Constitution he was satisfied with it, and he wished to reinstate it as a law of the State. The people were clamorous for relief, and provisions should be made that would render it complete and perfect.

He thought it doubtful whether the Homestead Law would stand before the Supreme Court, and also doubtful whether the present law would stand the test of that Court. He appealed to the members to vote square on the question, and let the people of this State know where they stand.

Mr. BETHUNE proposed an amendment after the word jurisdiction to add the words "until after the General Assembly shall take some action on this question." He said there was a vast amount of property now leviedupon that would be sold in not less than ten days, and hoped that the bill would be recommitted.

Mr. SCOTT, of Floyd, apposed the motion to recommit; said he did not think that the gentleman from Lowndes was in earnest, and had accomplished his desire to make a speech. He called the previous question, which was sustained.

The call for the yeas and nays was required on the report of the Committee, which was adverse to the passage of the bill—the yeas were 101, and 31. So the bill was lost.

A messenger was received from the Senate, stating that that body had passed a bill to incorporate the Tryon Railroad Company.

Also, a bill to incorporate the Fort Valley Loan and Trust Company.

Also, a bill to incorporate the Atlanta Agricultural Implement Manufactory.

Mr. TUMLIN—A resolution inviting Colonels Powers and Holt to seats on the floor.

Mr. DARNELL, of Pickens—A resolution that a committee of three be appointed to investigate the tenure of office of Col. Frobel, as Superintendent of Public Works.

The House refused to suspend the rules.

Mr. TUMLIN moved to adjourn till Monday morning.

Mr. PRICE was opposed to adjournment til Monday.

Pending the discussion, the hour of adjournment arrived, and the House adjourned till to-morrow morning 10 o'clock.

From the Macon Telegraph, 21st.]

The Railroad War—The Injunction Against the Brunswick Railroad.

We have heretofore stated that Wm. B. Hodgson, John L. Mustian and John E. Jones, through their Attorneys, deGraffenried, Lyon and Irwin, had applied to Judge Cole for an injunction restraining the Brunswick Railroad from carrying out its contract with Dabney, Morgan & Co. This application was made on Friday, and Judge Cole endorsed it as follows:

IN CHAMBERS, January 16, 1869.

"Read and sanctioned. Let the State's writ of subpœna and injunction issue. Let the State's writ of fifty thousand dollars, enjoining and restraining the defendants as prayed. And let such other proceedings be had as are usual in equity. And it is ordered that complainants give injunction bond, with security, in the sum of fifty thousand dollars.

"I will hear argument on ten days' notice, or at whatever time may be agreed on, why this injunction should not be dissolved. C. F. COLE, Judge, S. C."

The principal grounds upon which these legal proceedings are based seems to be that the conditions upon which the State granted aid to the road have been violated in the contract made with Dabney, Morgan & Co. to complete it.

On the 3d day of December, 1866, the Legislature of Georgia passed an act:

That his Excellency the Governor be, and he is hereby authorized to place the endorsement of the State of Georgia upon the bonds of the Macon and Brunswick Railroad Company, which said Company may issue to the amount of ten thousand dollars per mile for as many miles of said road as are now completed, and the like amount per mile for every additional ten miles, as the same may be completed and placed in running order, on the following terms and conditions, to-wit: Before any such endorsement shall be made, the Governor shall be satisfied that as much of the road as the said endorsement shall be applied for, is really finished and in complete running order, and that the said road is free from all liens and mortgages, or other incumbrances which may, in any manner, endanger the security of the State; and, upon the further condition and express understanding that the endorsement of said bonds, when thus made, shall not only vest the title to all property of every kind which may be purchased with said bonds in this State until all the bonds so endorsed shall be paid, but the said endorsement shall be, and is hereby understood to operate as a prior lien or mortgage on all property of the company, to be enforced as hereinafter provided for.

"In the event of any bond or bonds endorsed by the State, as provided in the first section of this act, or in the interest due thereon, shall not be paid by said Railroad Company at maturity, or when due, it shall be the duty of the Governor, upon information of such default by any holder of said bond or bonds, to seize and take possession of all the property of said Railroad Company, and apply the earnings of said road to the extinguishment of said bond or bonds or coupons, and shall sell the said road and its equipments and other property belonging to said company, in such manner, and at such time, as in his judgment may best subserve the interest of all concerned."

The next day, the 4th of December, 1866, that body adopted the following resolutions:

"That said Company shall not sell or dispose of the bonds thus endorsed by his Excellency for more than ten per cent. discount, and the endorsement of the State upon the bonds of said Company shall not exceed one million of dollars, until an amount of capital equal to the additional endorsement shall be bona fide subscribed and paid into said Company.

"That in order more fully to secure the payment of the bonds of said railroad company, it shall be the duty of said Company to set apart annually two per cent. of the amount endorsed for a sinking fund, which shall be invested in State bonds and deposited with the Governor, to be held in trust for said Company, and which shall be applied exclusively to the payment of the bonds of said Company."

The orators deny that the two per cent. of the amount endorsed for has been set apart by the Company, and allege that the conditions of this State aid have been violated, as follows:

Your orators further show that is this enactment, and with a full knowledge of the terms and conditions imposed thereby and therein, and without any further or additional subscription to the capital stock of said Macon and Brunswick Railroad Company to that previously subscribed, paid in and invested in the building of said road and its equipment, and which the bonds of the Company, previously issued, endorsed by the State, and negotiated as hereinbefore set forth and stated, fully represented and covered, the said Railroad Company entered into an agreement with the following persons and firms: your orators being ignorant and unable to give the names of the different individuals composing the different firms—George B. Morgan, of the city of Boston and State of Massachusetts; and Dabney, Morgan & Co., M. R. Jessup & Co., S. L. M. Barlow, Morris Ketchum, D. Willis James, James R. Jessup, Foster & Thompson, J. S. Morgan & Co., James Godwin, L. P. Minturn & Co., J. Milbank, W. R. Garrison, W. H. Hays and Wm. H. Gray, all residents in the State of the State of New York and the city of New York, in which it was stipulated by said persons and firms that they would finish said railroad, equip and put it in complete running order, according to the original design of the charter thereof; and, in consideration therefor, the company agreed to issue its bonds and cause the same to be endorsed by the State of Georgia, under the power conferred by the aforesaid acts and resolutions of the Legislature of said State, at the rate of ten thousand dollars per mile, as each ten miles of said road should be finished by said company, and to be delivered to said persons as part payment for their said work, so agreed to be done by them, at the nominal rate of ninety cents on the dollar, and so on, until the whole work was finished; and then the said railroad company was to transfer to said persons, as a further and additional payment of said work so agreed to be done by said persons, one million five hundred thousand dollars of the stock of said company, which said railroad company then and there guaranteed and contracted should pay eight per cent. dividends annually, and to be preferred to all other stock in said company, and, also, one million dollars of the unendorsed bonds of said company."

And they further charge that "the said Company did not, in fact, receive as much as ninety cents on the dollar for the bonds actually transferred, as aforesaid, in lawful money of the United States, nor agree to receive as much as ninety cents on the dollar on the bonds agreed to be transferred."

That "the same were hawked about the various markets by said Railroad Company, and the holders thereto, after such transfer, at a much less sum, and at prices ranging from sixty to eighty-five cents on the dollar, and in no instance was as much as ninety cents on the dollar, in cash or its equivalent realized; all of which was in violation of the terms and conditions on which said aid was given, and on which the bonds so endorsed were received by the said Company, and to the injury of the State of Georgia and of your orators, and all other citizens and tax payers thereof."

We have endeavored as well as we could to give the general reader, in the above extracts, an idea of this railroad muddle. The next step will be the hearing of the counsel and the examination of witnesses before Judge Cole, who will set the day after hearing the other side. Unless voluntarily dropped the case will be carried before the Supreme Court, which will involve months of delay.

The public, of course, perfectly understand the animus of these proceedings. They spring out of the injunction granted in the Savannah and Gulf Railroad case, the Southwestern making the move for the purpose of breaking down the one by the suggestion of the other.

Synopsis of the Land and Immigration Bill.

We have examined the provisions of the Land and Immigration Bill soon to come upon its passage, and as it was prepared and presented, with memorial, through the Speaker, by a very competent committee appointed by the State Agricultural Society at its meeting in December, in Macon, and will not, therefore, require or receive much change or additions in the Legislature, we have thought that it might interest all of our readers to have a clear synopsis of one of the most important measures now before the General Assembly.

First, then, it provides for the establishment, at the Seat of Government, of a Land and Immigration Bureau, with a Chief Commissioner, whose salary shall be two thousand dollars.

This Commissioner supervises and directs all subordinates in his office. He has printed, and ready to furnish to all interested, at home or abroad, all the information necessary for understanding the aims and plans of operation of the Bureau. Among these publications is a map of the State, showing the various geological formations, the climates and crops peculiar to these formations.

It will be his duty upon the application of immigrants from other States or from foreign countries, to exhibit the character, quality, titles, location of lands entered in his office, by the owners thereof for sale, the prices, terms of rent, &c. The lands, which any citizen may enter in the office for sale to Immigrants, must be described fully, with plat of survey, &c. He is to furnish commissioners that may be sent abroad with copies of surveys, descriptions, location of such entered land, when the person entering will pay the expense. The commissioner is to collect 2½ per cent. upon all sales of land effected by the commissioner to immigrants. The same per cent. where persons are brought into the country by the commissioner, and provided with labor for hire, is to be paid the commissioner out of the hire. These fees are to be appropriated to the payment in part of the salaries of one or more European commissioners, and of agents that may be appointed by them—the salaries of European commissioners and the per centage due their local agents to be fixed by the chief commissioner. The bill contemplates that the European commissioners and their local agents may go into different sections of the continent, and procure as many immigrants as practicable from any one or more localities, so as to procure families, with their relatives and friends, to come together, to procure families and single men with means enough to pay their expenses and to buy fifty or a hundred acres of land at three to five dollars per acre.

The Chief Commissioner will establish an immigrant landing depot, where, on arrival, they shall have shelter and food provided at cheap rates. Persons wishing to employ or sell land to immigrants will be advised of their arrival, and can meet them there and remove them immediately to the interior. At this depot they will be protected in the exchange of any funds they bring for the full value in United States currency. If any come sick, they are to be provided for in this depot, with special attention, medicine and physicians. These European Commissioners are required to see that no paupers or criminals come over. The Commissioner shall so organize this depot that no persons shall have access to this depot but authorized persons; to protect against imposition and designing persons. The Commissioner shall, also, have power to institute action against owners of vessels for damages to immigrants of any kind. The Commissioner is to keep a full and perfect registration of all statistics of immigration, number of vessels, of emigrants, ages sexes, nativity, amount of money brought, where they settle, occupations, how much land purchased. For all land sold immigrants, the land holder must pay the Bureau five per cent. to be appropriated to the expenses of the Bureau. And every man who employs a laborer or artisan, or domestic, must pay the Bureau five dollars.

The Legislature appoints the Chief and three State Commissioners. They meet the Chief quarterly at his office—examine into the management and report to the Governor. They are also an advising body to the Chief. They are paid their traveling expenses and five dollars per day while in actual discharge of duty; but not for more than five days of each quarterly session.

The Chief and European Commissioners are removable from office by the Governor on the address of the State Board who hold their office two years.

The Amnesty Proclamation.

The New York Times unearths a law all but choice

market at [illegible] passed in 1862, and approved by Mr. Lincoln, with which it thinks President Johnson may very satisfactorily reply to the resolution of Congress calling upon him for his authority for issuing his amnesty proclamation. The Times, although a Republican paper, is frank enough to admit that the President simply exercised one of the clearest prerogatives of his office. It cites the following section of the act in question:

"Sec. 13. And be it further enacted, that the President is hereby authorized, at any time hereafter, by proclamation, to extend to persons who may have participated in the existing rebellion in any State or part thereof, pardon and amnesty, with such exemptions and at such time and on such conditions as he may deem expedient for the public welfare."

It further adds, in regard to this Constitutional as well as Legislative provision:

"It is possible that this law, or this section of it, may have been repealed. But if so, Congress does not seem to have been aware of the fact, or even that any such law had ever been enacted.

"It cannot, of course, be expected that the public at large should remember the laws that Congress may have passed; but it does not seem unreasonable to look for a better memory on the part of the *members* of Congress as to action which they themselves have taken. Unless the law referred to *has* been repealed, the section quoted would seem to be conclusive as to the power of the President to issue just such a proclamation as the one in question.

The Ohio Statesman says the law has not been repealed, and that the Times deals a heavy blow at the gross stupidity of the majority in Congress, by citing a law still in force, the effect of which is to bring additional ridicule upon that body in the passage of the resolution.

The Amnesty Proclamation—Message of the President.

From the National Intelligencer, 19th.

The President transmitted the following message to the Senate yesterday:

To the Senate of the United States:

The resolution adopted on the 5th instant, requesting the President "to transmit to the Senate a copy of any proclamation of amnesty made by him since the last adjournment of Congress, and also to communicate to the Senate by what authority of law the same was made," has been received.

I accordingly transmit herewith a copy of a proclamation dated the 25th day of December last. The authority of law by which it was made is set forth in the proclamation itself, which expressly affirms that it was issued "by virtue of the power and authority in me vested by the Constitution, and in the name of the sovereign people of the United States," and proclaims and declares "unconditionally, and without reservation, to all and to every person who directly or indirectly participated in the late insurrection or rebellion, a full pardon and amnesty for the offence of treason against the United States, or of adhering to their enemies during the late civil war, with restoration of all rights, privileges, and immunities under the Constitution, and the laws which have been made in pursuance thereof."

The Federal Constitution is understood to be, and is regarded by the Executive, as the supreme law of the land. The second section of article second of that instrument provides that the President "shall have power to grant reprieves and pardons for offenses against the United States, except in cases of impeachment." The proclamation of the 25th ultimo is in strict accordance with the judicial expositions of the authority thus conferred upon the Executive, and, as will be seen by reference to the accompanying papers, is in conformity with the precedent established by Washington in 1795, and followed by President Adams in 1800, Madison in 1815, and Lincoln in 1863, and by the present Executive in 1865, and 1867 and 1868.

ANDREW JOHNSON.

Washington, D. C., Jan. 18, 1869.

The copies accompanying the President's answer to the Senate are as follows:

1. Proclamation of General Washington, dated tenth day of July, seventeen hundred and ninety-five, granting to citizens who had been engaged in insurrection (resisting collection revenue on distilled spirits and stills) in the western counties of Pennsylvania, excepting certain classes described in proclamation, a general pardon of all treasons and other indictable offenses.

2. Proclamation of John Adams, dated twenty-first day of May, eighteen hundred, granting full pardon to all and every person (including some excepted in Washington's proclamation) engaged in said insurrection; whereby remedying and releasing unto all such persons all pains and penalties incurred, or supposed to be incurred, for or on account of the premises.

3. Proclamation of James Madison, dated sixth day of February, eighteen hundred and fifteen.

Certain foreigners, flying from the dangers of their own homes, and some citizens of New Orleans, "forgetful of their duty," had co-operated in forming an establishment on the Island of Barrataria, near the mouth of the river Mississippi, for the purpose of a clandestine and lawless trade. The Government of the United States caused the establishment to be broken up, and proceeded to prosecute the indictment, etc.

For reasons set forth in the proclamation, President Madison grants to the offenders full pardon of all offences committed against the laws, or touching intercourse and commerce of the United States with foreign nations; and the President directs all suits, indictments, and prosecutions for fines, penalties, forfeitures, etc., to be discontinued and released.

4. Proclamation of President Lincoln, dated eighth day of December, eighteen hundred and sixty-three, familiar to the public, granting to all persons (certain classes excepted) who had participated in the rebellion, full pardon and restoration of all rights of property, except as to slaves, and in property cases where rights of third parties shall have intervened.

In this proclamation Mr. Lincoln begins by citing the provision in the Constitution empowering the President to grant reprieves and pardons. The law of Congress declaring forfeitures, etc., and authorizing the President to issue proclamation of pardon and amnesty, with such exceptions as the Executive may deem proper, is then cited. Mr. Lincoln, referring to this act, adds:

Whereas, the Congressional declaration for limited and conditional pardon accords with well established judicial exposition of the pardoning power; Therefore, etc.

5. Proclamation of President Lincoln, dated 26th of March, 1864, defining cases in which persons are entitled to benefits of the preceding proclamation.

6. Proclamation of President Johnson, dated 29th May, 1865, similar to the Lincoln proclamation of December 8, 1863, granting pardon and amnesty, except in cases therein named.

7. Proclamation of President Johnson, dated September 7, 1867, extending full pardon to certain persons who were engaged in the rebellion. This proclamation extends pardon to classes mentioned who were not pardoned by preceding proclamations.

8. Proclamation of President Johnson of July 4, 1868, granting general pardon and amnesty to persons engaged in the late rebellion, with certain exceptions and reservations.

London Times on American Finances.

The Times, of the 14th ult., in a long editorial reviewing the financial condition of the United States, concludes as follows:

There is another fact of the gravest importance to be considered by the incoming administration, which, indeed, underlies almost every other financial question. An inconvertible currency, amounting to nearly $400,000,000, warps more or less the judgment of every man in the United States. It is impossible to take up a State paper—it is impossible to study the expressions of public opinion in the Union without seeing how the appreciation of every financial question which arises for discussion is clouded by this atmosphere of confusion which envelops all. It enables noisy ignorance to be loud voiced without the fear of detection. It prevents the success of the sincere attempts of honest men to seek out the truth. It cloaks the inherent wrongfulness of a hundred schemes of defrauding the public creditor, which are started and occupy attention without apparently a suspicion that the same flaw reappears in different forms in each. Mr. McCulloch, it must be said to his credit, has consistently endeavored to remove this cause of error. He has been, through causes to a great extent beyond his own control, unsuccessful; but whoever may be the Secretary of the Treasury under General Grant will be bound to follow him in making this last fact to which we have adverted one of the first to which he must give his attention.

"Southern Reconstruction."

Lipincott's Magazine for February has an article on "Southern Reconstruction," from which we extract the following:

But another and more formidable obstacle in the way of our social reconstruction is to be found in the state of public opinion, as expressed by the action of certain politico-ecclesiastical bodies at the North, which persist in regarding the mass of the Southern people as incorrigible rebels and reprobate sinners against the laws of God and of man. While great bodies of Christians refuse to hold communion with their Southern brethren, on the ground of a *quasi* connection in the past with slavery and the rebellion, there can be no genuine reconstruction of our social and fraternal relations. In this respect the Catholics, Episcopalians and Friends have set an example of that charity which, while it rejoices not in iniquity, but rejoices in the truth, yet seeks to hide a multitude of sins. The Roman Catholic church was never disrupted by the war, and the Episcopal, which was temporarily disunited, has again come together in a spirit of brotherly love, and finds no difficulty in inviting its members from all sections of the country to sit together in its general ecclesiastical council. Let a like spirit be manifested by the remaining churches, and it will go far to bind up the nation's wounds and to restore the peace of society.

An arrangement is in prospect for reduced fares at the hotels and boarding houses, for delegates.
The railroads have engaged to carry delegates to and from the Convention for one fare.
During the session of the Convention there will be a trial—practical exhibition—of the working of the most improved plows in the Union—the Peekskill, the Collins Plow, that took the premium at the Paris World's Fair, among them.
All papers in the State please publish this notice from the date of its receipt till the day of meeting. Such a service on their part will be thankfully acknowledged. DAVID W. LEWIS,

ADAIR & BRO.,

and SOLE AGENTS for
The Soluble Pacific Guano.

TESTIMONIALS:

NEAR ATLANTA, GA., December 10th, 1868.

Messrs. Adair & Brother: I applied Soluble Pacific Guano, procured from you, at the rate of 200 pounds per acre on cotton. I am satisfied its use produced a crop three times greater than the land would produce without it. GEO. S. KEY.

NEAR ATLANTA, GA., Dec. 1, 1868.

Messrs. Adair & Brother: I applied 300 pounds per acre of Soluble Pacific Guano, procured from you. Notwithstanding a ten weeks' drought and the attack of the caterpillar, I gathered 600 pounds per acre. From the same land, without the Guano, I gathered only 200 pounds cotton—say less than one-fourth the quantity. E. MORRIS.

ATLANTA, GA., Dec. 12th, 1868.

Messrs. Adair & Brother: I used this year the Soluble Pacific Guano, bought of you, at the rate of 100 pounds per acre on cotton planted three feet apart in the drill. I am confident it is a pure article and believe it increased the yield double, notwithstanding a six weeks' drought and serious attack of caterpillar. J. M. CALHOUN.

ATLANTA, GA., Dec. 10th, 1868.

Messrs. Adair & Brother, Gents: I bought of you last spring one ton Soluble Pacific Guano and put it on cotton. It came fully up to my expectations and I cheerfully recommend it to planters as a profitable fertilizer for cotton. M. G. DOBBINS.

COLUMBUS, GA., December, 1868.

John S. Reese & Co., Dear Sirs: Another season confirms my previously expressed convictions, that the Soluble Pacific Guano, as compared with Peruvian, is fully as good—indeed better. I have now tested it sufficiently, using each side by side for two seasons, applying the same weight of each per acre, and in every case the Pacific has given the best results on cotton, corn, potatoes and small grain, and the testimony I have from a great many planters confirms my experience.
WM. H. YOUNG.

Charles A. Peabody, Esq., of Lee county, Alabama, in a letter to William H. Young, says:
"The Peruvian Guano I had before used, and know it to be an invaluable fertilizer for cotton. I now find the Soluble Pacific to be equally as good. At the same price I would as soon have it for cotton or corn as the Peruvian; some of my hands insist that it is better" dec15-d3m

A. K. SEAGO, Agent,
For the Sale of Chesapeake Guano,
Atlanta, Ga.,
DEAR SIR—To a portion of my Cotton crop the past season I applied in the drill, 100 lbs. of the Chesapeake Guano per acre, also 25 lbs. Salt and 25 lbs. Land Plaster. I found on picking my cotton that the portion of land to which I had applied Fertilizers as above stated produced one hundred and fifty per cent. more than was produced without manure on the same quality of lands. The Chesapeake Guano should be placed in the bottom of the bed directly under the Cotton Seed. I am much pleased with its use and do not hesitate to say that the free use of this most valuable fertilizer would, in my opinion work a great revolution in our planting interest. You will please reserve for me about eight tons for the present season. I will send for it before planting time.
Very respectfully, JACKSON GRAHAM.

St. Louis Mutual Life Insurance Company.

Persons thinking about insuring their lives, will find the following statement of interest. The promptness with which payment of the policy has been made in the case mentioned, is especially noteworthy:
MACON, GA., January 18, 1869.
Messrs. Godfrey & Magill,
General Agents, St. Louis Life Ins. Co.:
GENTLEMEN—I have this day received of Messrs. Burke & Cobb, your Local Agents, at Macon, Ga., ten thousand dollars—the amount my father, Gen. Howell Cobb, was insured for in your company. This being paid in less than thirty days after application for payment was made.
JOHN A. COBB.

Supreme Court of Georgia.

FRIDAY, January 22, 1869.

Harper & Ammons vs. Lemon, Executor. Complaint from Henry, involving a question touching the liability of a father for purchases made by his minor daughter, was argued by Judge Floyd for the plaintiff in error, and Col. W. W. Clark for the defendant in error.

John T. Henderson vs. Wm. P. Merritt, debt from Henry, was argued by Peeples & Stewart, for the plaintiff in error, and by Judge Floyd and the Reporter, representing G. N. Nolan, for the defendant in error.

Then came the first regular case on the Flint Circuit. Samuel C. Campbell vs. Cynthia Miller, Equity, from Henry, Doyal & Nunnally, J. J. Floyd for plaintiff in error, Peeples and Stewart for defendant in error.

Pending the argument of Col. Peeples, the Court adjourned till 9 o'clock, A. M., to-morrow.

There is no other case in the Flint Circuit.

Gas!

As the tower clock was being moved into the State House, (boxed up) Dave Longshore, from the rural districts, observed it closely and asked what it was. "Gas meter!" blurted out a bystander. "Taint big enough for them gas works" replied Dave, as he walked off.

An Important Jury Bill.

The bill of Mr. Speer before the Senate is an important measure. It provides that the jurors now drawn for the Spring term of the Superior Courts in this State shall be declared competent. It also provides that the Judges of the Superior Courts shall appoint before the adjournment of the Spring term three intelligent and honest persons in each county, who, in connection with the Ordinary and Clerk of the Superior Court, shall prepare a list of intelligent male citizens between the ages of twenty-one and sixty, who have never been convicted of crime, subjected to imprisonment in the penitentiary, or a fine of $100, or imprisonment in any jail not exceeding thirty days. The boxes are arranged similar to those at present and numbered one and two.

The three citizens charged with preparing the Jury lists are sworn by the Judge, continuing in office two years, and receiving such compensation as the Judge may allow. Before the adjournment of the Spring Term, the three citizens, with the Ordinary and Clerk of the Superior Court, shall proceed to draw, as is now prescribed by law, a sufficient number of Jurors. Jurors receive one dollar per diem for their services. Mr. Speer is a working member of the Senate, and is more pointed than polished, wielding not a pike but Ithariel's spear.

Committed.

A white man named Clayton Harris and one of the negroes arrested by Capt. Tim. Murphy and officer Rasbery, for stealing Alderman Mahoney's cow, was committed to jail, after a hearing before Justice B. D. Smith. Two of the negroes were discharged, the evidence not warranting their commitment. A brother of Harris was up before Justice Smith yesterday, charged with being an accomplice in this affair, but the case was continued in consequence of the absence of several witnesses. When the parties were arrested, the hide of a cow was found and brought to the city, and identified as belonging to Mr. Frank Berry's cow.

The Mule Trade.

Since January 1st, 1869, and up to Thursday morning, four thousand one hundred and forty-five mules have been brought to this city. Of this number, about 200 came by dirt road, the balance by railroad. Of the total number received, O. H. Jones fed about 1,995; W. E. Archer, 1,438; and Mr. Wooten about 714. About one-third have been sold at wholesale. Prices ranged from $115 to $220 per head, wholesale.

Orchard Thieves.

Some *enter*-prising individuals have lately been stealing young apple and peach trees from the orchard of Colonel J. M. C. Reed, of this county, having carried off over one hundred in the last month. Owners of orchards would do well to keep a strict watch over them.

The Ives Grape.

The Ives, or Great American Grape, which received the Longworth premium as the "best wine grape for the whole country," and highly recommended by the Longworth Wine House and leading wine growers, is offered for sale by Jonathan Norcross, at Whitner's Insurance Office, on Alabama street.

The Lumber Trade.

Eighteen car loads of lumber arrived from Southwestern Georgia, yesterday afternoon, for Messrs. Rice & Mitchell, Lumber Dealers. One hundred car loads from the same section are now *en route* here consigned to the same firm. Messrs. Rice & Mitchell are energetic business men, and seem determined to maintain their well known reputation as first-class dealers in lumber.

The State Agricultural Convention.

The railroads leading into this city have very liberally agreed to transport ten delegates from each county to the State Agricultural Convention assembling here on the first Tuesday in February, and return, free of charge. The hotels have likewise agreed to make liberal reduction in the price of board.

The Tower Clock.

The Tower Clock, a magnificent specimen of mechanism from Messrs. Pond & Co., of Boston, has arrived, and will be shortly placed in position.

Accident.

As a Mr. Jack Smith was piling up lumber at the State Shop, yesterday, it gave way, and falling on one of his legs, crushed it badly. We trust that it may not be necessary to amputate his leg, although it is thought that it will be necessary.

Mayor's Court.

The Mayor's weekly levee was well attended on yesterday, and a wag of a poet got off the following couplet:

The world is all a farce, I know,
The Mayor's Court its place of show;
And notwithstanding what they tell,
Hulsey's sure to give them—hunkey dori.

Lively Times.

Warrants were issued yesterday by Justice W. M. Butt for the arrest of six negro women for the offence of false swearing in a case tried last week. The parties are expected to have a hearing this morning before Justice Butt.

In Town.

Judge L. N. Whittle, Hon. Barney Hill, Virgil Powers, Esq., Col. W. S. Holt, and G. H. Hazlehurst, of Macon, and Dr. J. L. Hamilton, of Rome, were in the city yesterday.

Chamberlain, Boynton & Co.

If our readers wish to supply themselves with foreign and domestic dry goods, at reasonable figures, we would recommend them to give Messrs. Chamberlin, Boynton & Co. a call.

McMillan & Davis have $20,000 to invest in Real Estate. Take their "greenbacks" in "out of the wet" and put it in circulation.

Atlanta Board of Health.

Citizens who may be cognizant of the existence of any nuisance that should properly come under the notice of the Board of Health, are requested to report the same to the member of the Board residing in the respective Wards in which it may exist, in order that such action may be taken as will facilitate its abatement.

When inconvenient to confer with a member of the Board, complaint may be made to the City Marshal, who will present the same for their action.

Parties who have been notified by the Board to cause the abatement of any nuisances that may exist on their premises, and who refuse or neglect to do so, are reminded that an ordinance provides that the City Marshal shall abate the same at their expense.

IT WILL WASH

THIS VALUABLE IMPROVEMENT that has met with such unbounded success throughout the East, West, and North and the parts of the South where it has been introduced,
IS NOW ON EXHIBITION AND FOR SALE AT THE STORE OF
Echols, Langford & McCrath,
Key Stone Block,
Whitehall street,
Atlanta, Georgia.
Where we cordially invite all to call and see its operations. The idea of washing clothes without rubbing or wear to the material is now no longer a mystery. It is being practically used, and with entire satisfaction by many of the best citizens of this city, and hundreds and thousands of people throughout the East and West.
Mr. DeWitt is owner of the Southern and Pacific States and Territories for this valuable invention, and will sell interests by the County and State, to any one wishing a sure and paying business at prices that cannot but suit the purchaser.
States and Counties that have been sold for this improvement have since sold at enormous figures in comparison to the price we ask. For instance, Illinois was sold for $6 000 and since sold for $40,000; counties in Kentucky, that we sold for $60 by the State has since sold for $600, and I can safely say that so far no man has invested his money but what is making a fortune. We can give name and address of nearly every one that has purchased rights in the United States, so parties can correspond with them and get their views on the investment they made.
For territory by Counties or States, address or call on HENRY WELLINGTON,

Total of sales $1,843, or an average of $307 16⅔ for each lot.

Cotton in Columbus.

The Sun, of yesterday, says that there are now 14,000 bales of cotton in hand in the warehouses of that city. Of this amount it is estimated that some 4,000 bales are held by local speculators. The remaining 10,000 bales belong to planters, and it is thought a considerable portion of them are very heavily advanced on. High prices have enabled holders, who desired it, to have large amounts of money advanced to them.

State Treasurer's Report.

TREASURER'S OFFICE,
ATLANTA, January 21st, 1869.

To the Honorable House of Representatives of the State of Georgia:

In response to your resolution of yesterday as follows: "Resolved that N. L. Angier, Treasurer of this State, be, and he is hereby requested to communicate to this House, as early as practicable, what amount of State bonds have been issued since he came into office, and whether or not the same have been sold or hypothecated for money borrowed, what amount of bonds have been sold, and at what price, what amount has been hypothecated, and where, how much money has been borrowed by the State on hypothecated bonds, how much money has been drawn upon the faith of the hypothecated bonds of this State, and by whom; what portion of the amount so drawn has been received into the Treasury of this State; what is the State of the accounts at this time with the state of Georgia, and the party or parties with whom the State bonds have been hypothecated; giving a full and clear statement of all matters in this resolution referred to," I have the honor to report that on the 21st day of September, 1868, his Excellency Governor Bullock and myself delivered to the agent of the Fourth National Bank of New York, a contract to place in their possession one hundred and fifty thousand dollar ($150,000) of the seven per cent. bonds of the State, on or before the 15th day of November, 1868, upon which contracts as collateral security, said bank advanced us one hundred thousand dollars ($100,000) cash. On the 6th October, 1868, similar contracts to the amount of sixty thousand dollars were executed and delivered to the agent of same bank, upon which security said bank advanced us forty thousand dollars ($40,000) cash.

On the 17th day of November, 1868, there was prepared and forwarded from this office, six hundred thousand dollars ($600,000) new seven per cent. bonds of the State of Georgia, dated November 1st, 1868, signed Rufus B. Bullock, Governor, David G. Cotting, Secretary of State, coupons signed by the Treasurer, to the Fourth National Bank, to carry out the terms of the contracts made to them September 21st and October 6th, 1868, and to be hypothecated for further sums of money, to meet the interest on the public debt fallen and falling due, and for other purposes.

November 9th, 1868, we received by express $25,000 as an advance on said bonds. November 12th, $25,000 by express, November 20th, $25,000 on draft of Governor Bullock, November 21st, $25,000 on draft of Governor Bullock, December 7th, $25,000 by express, December 12th, $25,000 by express, and December 26th, $25,000 by express, all of which amounts were received into the Treasury.

On the 23d day of December, 1868, supposing a considerable amount of the new seven per cent. bonds had been sold, and desiring to make a report of them in my annual report to the Governor, I wrote to the Fourth National Bank, asking them to advise me what amount of the new seven per cent. bonds had been sold, and at what price, and at the same time to send me a complete statement or account current of the State with the bank. On the 9th instant I received a full statement of the account, and a letter, in which was stated: "None of the new seven per cent. bonds have been sold, it being considered unadvisable to do so, in consultation between our President and Gov. Bullock, it being considered by many, that the Legislature authorizing them, was an illegal body."

Besides crediting themselves in the account current with the various amounts named above, they also took credit for a large amount, which I did not know anything about, and which had never reached the Treasury. Not knowing how to account for these credits, I immediately started, on the eve of the 10th instant, for New York, to get a full explanation of them. Having arrived in New York, proceeded to the Fourth National Bank, and found that Gov. Bullock had drawn drafts to the amount of *thirty-five thousand dollars* ($35,000) (Copy of the drafts I give below) which amount has never been paid in nor reported to the Treasury by Gov. Bullock:

COPY OF FIRST DRAFT.

No. —— NEW YORK, Oct. 29, 1868.

Fourth National Bank of the city of New York, pay to the order of ——— seventeen thousand ——— dollars.

(Signed) RUFUS B. BULLOCK, Governor of Georgia.

COPY OF SECOND DRAFT.

No. —— NEW YORK, Dec 3, 1868.

Fourth National Bank, of the city of New York, pay to the order of R. B. Bullock, eight thousand dollars. Charge account State.

(Signed) RUFUS B. BULLOCK, Governor of Georgia.
$8,000.

COPY OF THIRD DRAFT.

(Endorsed on back H. I. Kimball & Co.)
December 12, 1868.

Pay to the order of H. I. Kimball & Co., ten thousand dollars and charge same to the account of the State of Georgia.

(Signed) RUFUS B. BULLOCK, Governor.

To the Fourth National Bank, New York.

By the Governor:
(Signed) EUGENE HAY,
Secretary Executive Department.

December 14th, 1868, there was sold of the 7 per cent. mortgage bonds $40,000, at 92⅛c. December 16th, $10,000 at same price. December 17th, $10,000 at 92⅜c. December 19th, $4,000. January 6th, $31,000 were sold at 92¾c. January 11th, $20,000 were sold at 90¾. January 15th, $50,000 were sold at 89½c, January 16th, $74,000 at 89¼c, making total amount of money realized from sale of seven per cent. mortgage bonds Two hundred and sixteen thousand eight hundred and eighty dollars and sixty-nine cents ($216,880 69) out of which the Fourth National Bank has paid coupons to the amount of about one hundred and thirty thousand dollars ($130,000.)

The letter accompanying the account current, reports two notes in addition to contracts mentioned before, given by Governor Bullock, both amounting to five hundred and seventy thousand dollar: ($570,000,) supposed to be given as a security for money advanced and to be advanced to meet the interest on the public debt.

Respectfully submitted,
N. L. ANGIER, Treasurer.

PROPHITT'S REMEDIES:

Prophitt's Liver Medicine.
Prophitt's Pain Kill It.
Prophitt's Anti-Bilious Pills.

The excellent remedies of O. S. Prophitt, M. D., need no recommendation. Their well known power in removing the diseases peculiar to our Southern Climate, having already established for them an enviable reputation in Georgia and the adjoining States. As the majority of persons living in the South are predisposed to disease of the Liver, it is granted by all intelligent physicians that most of the pains and aches of our people are due to organic or functional derangement of that important organ. Prophitt's Anti-Bilious Pills and Liver Medicine strike directly at the root of the evil. They cure the Liver which, in nine cases out of ten, is at the bottom of the Coughs, Dyspepsia, Colic, Sick Headache, Rheumatism, Constipation, Menstrual Obstructions, etc., so common among our people, Earache Toothache, Acute Rheumatism, Neuralgia, and bodily pains of every kind. Flee before PROPHITT'S PAIN KILL IT like chaff before the wind.
